

COSTA RICA

GCFF Benefiting Country Since 2023

FUNDS RECEIVED

- \$20 million funding from GCFF
- \$370 million total project financing on concessional terms

REFUGEE SITUATION

- Hosts 236,434 Nicaraguan refugees
- Nicaraguan asylum seekers increased by over 50,000 year-on-year since 2018

GOVERNMENT INITIATIVES

- In January 2022, Costa Rica issued an Executive Decree to formalize the national chapter of the MIRPS, a regional cooperation framework between countries of origin, transit, and destination, to better address the needs of refugees and asylum-seekers

IMPACT SNAPSHOT

1 GCFF-supported project

in climate resilient recovery and territorial development

This project aims to operationalize Costa Rica's commitment towards comprehensive and inclusive disaster risk management and climate change adaptation through resilient infrastructure and services

The project design also considers spatial inequalities and exclusion of vulnerable groups including ethno-racial minorities, the extreme poor, refugees, asylum seekers, and migrants in vulnerable conditions.
